🏫 IES Campus – HTML Website Practice Task

📘 Project Title

Practice HTML Website Using IES Campus Template

🌐 GitHub Live Website

👉 https://am-asky-97.github.io/html-task/

🎯 Objective

This practice task helps students understand how to **create, link, and structure a website** using **only HTML**. Students must recreate the same structure shown in the GitHub example above.

🧠 Instructions

1. Use **only HTML**.

2. Ensure every page is connected using <a> tags.

3. Use proper <title> and <h1> tags for headings.

4. Add your own text and images (you may use free stock images).

5. Check that all links and images work before submission.

📂 Submission Steps

1. Create a folder named **YourName_IESCampus**.

2. Include all .html files and images inside that folder.

3. Compress it into a ZIP file.

4. Submit the ZIP file to the **class WhatsApp group**.

📅 Deadline

🕐 Submit before 6th November 2025, 5.00 PM.

Late submissions will **not be accepted**.
